TEAM PLACEMENT POLICY

- Every team here at Central Private reserves the right to hold a try out. However, we do not cut athletes that want to come play for us. The try out is held to determine placement for the athletes between a freshman team, junior varsity team, and varsity team.
- Each student-athlete is required to meet all expectations set forth by the head coach for that respective team. Such as but not limited to practice attendance, game attendance, off season training, and punctuality.
- If an athlete fails to meet the standard set forth by the head coach, proper disciplinary action will be taken. Depending on frequency and seriousness of the infraction, dismissal from the team can occur.

➤ VOLUNTEERING

- Parental involvement is essential for a smooth and successful season.
- Each home game requires multiple volunteers to keep things running efficiently. This includes working the gate, helping in concessions, assisting with clean-up, and providing pre-game or post-game meals.
- Every sport has different needs, and the head coach will outline expectations at the parent meeting before the season begins.
- Each family's involvement is a required part of supporting our student-athletes and ensuring a successful season.

The Central Private Athletic Club (CPAC) proudly supports all student-athletes and works to enhance our athletic programs.

Once a student joins a team, their parents are automatically part of CPAC. Membership is open to everyone who wants to support Redhawk athletics.

Meetings are held on the second Monday of each month at 6:00 PM in the Gurney Road Campus library.

CPAC's mission is to ease the burden on the school, Athletic Director, and coaching staff by organizing volunteers, leading special projects, and spearheading fundraising efforts.
