

# Give Today & Make a Difference!

The end of the year is always a great time of reflection, and we are so grateful for the many CP families who continually show up when it matters. Thank you for the many ways you support the Central Private community and mission. This is also an excellent time to consider your financial decisions and gifting opportunities. We hope the information in this email can serve as a guide as this eventful upcoming year unfolds.

As a tax-exempt organization outlined in Section 501(c)(3) of the Internal Revenue Code (EIN 72-0643386), every donation to Central Private is essential to our continued success, and all gifts are 100% tax deductible. Make your tax-deductible gift to Central Private by December 31st to receive your benefits for the 2022 tax year.

## Why Give?

Central Private relies on your financial support, and your gift immediately impacts the educational experience of the children enrolled at our school. In addition, the participation of our Alumni and those close to Central Private is an indicator of the strength of our school to prospective families and peer schools.

## Continuing the Central Private Legacy -The Nest Campaign-

Phase I of the Nest Capital Campaign project has been completed, providing our school with a beautiful new upper school campus on Gurney Road. We need your help and support of our campaign efforts to continue moving forward to the next phase of our campaign project.

We must diligently continue our Nest Capital Campaign fundraising efforts to reach the next milestone. Your cooperation and support in this endeavor are vital to our continued progress.

Contribute to the success of our One School, One Campus goal by making an end-of-the-year gift today!
